

Follow all the rules of the road. Bicycles are entitled to all of the rights and subject to all of the duties of a motor vehicle.

Ride defensively. Make eye contact with drivers where appropriate, and be aware of possible conflicts when approaching intersections.

When using paths, ride to the right side, and pass to the left when overtaking. Announce your presence when passing.

When riding on a road, ride to the right as practicable. If the width of the lane prevents safe passing by a motor vehicle, then a cyclist may take the lane.

To report a hazardous road or trail condition, please call Operations and Maintenance, 891-7224. To report a problem with striping, signs, or traffic signals, including detection, please call the Traffic Section at 891-5016.
