### Medication Dispensing Procedures:

New Mexico State law prohibits persons from giving medications to a child unless they are the child's parent or guardian, relative, or licensed health professional. Campers will self-administer inhalers, inject-able medication, and apply sunscreen and bug spray when needed. For safety reasons, campers may not maintain possession of their medication while in camp. Their direct counselor will assume responsibility for the medication.

Parents or Guardians must complete a Medication Documentation Administration Form. They must also provide the actual prescription bottle with correct Pharmacist label, and include the matching medication inside the prescription bottle, enough for the same day only.

Blank Medication Documentation Administration Forms are available at each Summer Camp site and online at: [www.rnm.gov/summercamp](http://www.rnm.gov/summercamp)
