Clarifications to Addendum One (1)

Addendum One (1) incorrectly stated: “Please remove pages 24 through 27 of the original bid document and replace with the Revised Bid Form cover page and bid proposal”. The page count is incorrect, the pages to be removed are 23 to 86.

Question and Answer

1. **Question:** That you for sharing this opportunity. I noted with the nitrile gloves, there are specific brands itemized and in specific colors. Because of the current glove shortage, we carry 510K FDA approved ASTM D6319, and our brands may vary, i.e. Cardinal, Intco, etc. Are you looking specifically for the brands listed or are you open to brand agnostic availability?

Answer: The gloves listed would not be accepted, as the quality level is not acceptable. Substitutes or equals would require prior approval before an order is placed.

2. **Question:** I guess my questions would apply to all the PPE I carry as well. I was just looking at N95's as well. I am thing that specific brands are listed because they have been approved by their infectious disease department or previously passed fit testing.

Answer: Substitutes or equals would require prior approval before an order is placed.

Bidders shall acknowledge receipt of Addendum Two (2) and acknowledge by initialing on revised bid form attached. All other provisions of the Contract Documents shall remain unchanged.
